

Invitation

6TH QUEENSLAND COASTAL FORUM

Incorporating the inaugural meeting of the
Queensland Coastal Councils Group

Thursday 20 SEPTEMBER 2007

The Qld Coastal Councils Group supports councils across Queensland who manage coastal areas. The group meets formally at the Qld Coastal Forum once or twice each year. The Qld Coastal Forum is a free event, with an open invitation to any Local Government officer, or Councillor who is involved in the management of the coastal zone (planning/engineering/maintenance activities etc). The event is particularly useful, as the issues discussed and workshopped at the Forum allow attendees to hear about new or emerging ways to manage coastlines/waterways, how issues or problems have been solved, and provides a valuable networking opportunity.
